

Hawaii's Race to the Top: June 2011 Update

Transforming Hawaii's Public Schools

MAJOR ACTIVITIES AND ACHIEVEMENTS/UPDATES AS OF JUNE 2011/UPCOMING MILESTONES

STANDARDS AND ASSESSMENTS – TYING HIGH –QUALITY STANDARDS & ASSESSMENTS TO CURRICULUM:

- **ADOPTED COMMON CORE STATE STANDARDS.** Hawaii has joined 47 other states, the District of Columbia, and two territories in committing to the Common Core State Standards Initiative (CCSSI), a state-led process to develop internationally benchmarked K-12 standards in English language arts and mathematics that will prepare *all* students for college and career.
- **INTRODUCED DATA FOR SCHOOL IMPROVEMENT (DSI) PROJECT.** For the first time ever, all Hawaii public school educators have access to a bank of English language arts and mathematics formative assessment items which enable teachers to develop their own assessments, score student responses, and store the results securely.
- **JOINED THE SMARTER BALANCED ASSESSMENT CONSORTIUM (SBAC).** SBAC will develop common summative assessments. The assessments will enable a comparison of performance across states, are reported on a common scale, and promote embedded professional development. Hawaii serves as a governing member.
- **ADMINISTERED ONLINE HAWAII STATE ASSESSMENTS.** The first online adaptive version of the Hawaii State Assessment test was administered to approximately 95,000 students in reading, mathematics, and science in school year 2010-11.
- **CONDUCTED COMMON CORE STATE STANDARDS (CCSS) TRAINING.** Hawaii has completed the first two phases of its five-phase professional development plan for educators and is on track to implement CCSS by 2014-15. A total of 1,361 educators received face-to-face training in school year 2010-11. Phase III, which began in April 2011, is underway.
- **COLLEGE- AND CAREER-READY DIPLOMA**

DATA SYSTEMS - IMPROVING LONGITUDINAL DATA COLLECTION AND USE:

- **CONVENED FIRST HAWAII PARTNERSHIP FOR EDUCATIONAL RESEARCH CONSORTIUM (HPERC) MEETING.** This formalized partnership will increase the DOE's access to educational research that will improve instruction and increase student success.
- **FULFILLED ALL ELEMENTS OF AMERICA COMPETES ACT.** Hawaii has met all 12 elements in America COMPETES. The federal government codified the elements of a P-20 education data system and required states to commit to building a data system that consists of all elements as a condition of receiving State Fiscal Stabilization Funds.
- **INTRODUCED SCHOOL DASHBOARD REPORTS TO ADMINISTRATORS.** The dashboard reports will help inform critical decision-making processes through the use of dashboards that include a diverse set of indicators. New and improved longitudinal data will be made available to approximately 12,700 teachers in school year 2011-12.
- **NEEDS ASSESSMENT OF DOE INFORMATION TECHNOLOGY INFRASTRUCTURE**

GREAT TEACHERS AND GREAT LEADERS – CULTIVATING, REWARDING, AND LEVERAGING EFFECTIVE TEACHING AND LEADING:
